Your approval is subject to the conditions specified in Part 2 of Schedule 4 to the Regulations. Your approval applies only to the named operator for the specified approved site only.

You have given an undertaking (paragraph 4 of regulation 65) in respect of a tonnage limit, which is indicated for each site in the table above, and consequently you have paid the lower application charge. Suspension and cancellation of approval

We may suspend or cancel your approval where it appears to us that you have failed, or are likely to fail, to comply with any of the conditions of approval. Suspension or cancellation may extend to one or more of your approved sites, or may apply to your whole approval. Your whole approval will cease to have effect if you cease to be a battery treatment operator, or you request that your approval should be cancelled.

You must notify us immediately, in writing, of any changes to the details submitted with your application.

This approval does not replace any other environmental authorisation that you may have for the site. You must continue to comply with these and other relevant legislation.

Please contact Dylan Thomas on 020 847 476 08 if you have any queries.

Yours sincerely
